### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicants amendment has overcome the rejection under 35 USC 112. The prior art fails to teach or suggest the present photochromic compound having the dihydrofuran ring as atught for ring F. The photochromic compound is distinguished from WO 01/60811 and US 6,146,554 cited as X references, and utilized on the first action on the merits in the present application, for such reason above in view of applicant limiting the ring F to dihydrofuran.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
